Testimonials

IAS 2017

**IAS AIR – 1
ANUDEEP
DURAISETTY**

I had enrolled in Mains Guidance Programme + of ForumIAS Academy for my GS and Essay test series. The feedback from ForumIAS mentor was very useful in making me realize my mistakes in answer writing so that I could rectify them. I also found post exam discussion incredibly helpful. Because of such feedback. I could greatly improve my writing speed, frustration and answer content.

I am grateful to the entire ForumIAS Academy.

**IAS AIR – 8
ANUBHAV SINGH**

I had taken ForumIAS Mains Guidance Program (MGP) and also the Interview Guidance Programme. They both were very helpful and helped me in improving my performance.

The Guidance provided by Ayush Sir and Asif Sir was of immense importance. I thank them for their effort.

**IAS AIR - 10
ABHISHEK
SURANA**

I joined ForumIAS MGP program after prelims in 2017 And the next 4 months in the program helped in a lot in improving very answer writing techniques. A big credit to the mention as they were easily accessible. Also, the timely checking of copies immensely helped in consistent improvement in quality of answers. The current affairs classes helped in enriching of my content with quotations and keywords Kudos to the entire team!.

IAS 2016

	<p>I really don't think there is anything that is better structured and more interactive in regard to Mains than the ForumIAS Mains Guidance Program. The team of Forum IAS made sure that they were there for me at all times I wanted. I had a mentor who could be available at any moment I wanted, and they regularly called me.</p>
<p>IAS AIR – 56 MITALI SETHI</p>	<p>I had joined this test series and it turned out to be a gem. What I really liked about the evaluation was an objective assessment and a human contact. I know both these are contradictory. Evaluation is a human endeavour. There are strong biases common in every evaluator. An access to the evaluator gives an idea about these biases. An evaluator looks for certain things when he gives marks. Things like coherence, lucidity, presentation etc. catch the evaluator's eye. I experimented a lot with my papers in the course of these 8 tests. During the sessions in which I used to interact with my mentor, he was able to point out broad areas of improvement and possible shortcomings.</p>

MGP Program Design

We have broken the syllabus into small doable parts that can be covered in a week. After a week, candidates can appear for a Test on those topics. This will

- help in checking their preparation on the topics mentioned
- get feedback and marks on the paper they have written
- cover the syllabus in a disciplined manner, which is otherwise difficult
- become aware of issues and questions on the topics being prepared. This is especially useful for those who have just begun. Timely tests help you understand what to focus on while studying.

The MGP has been improved with input from our MGP 2016 and 2017 Students. The goal of MGP 2019 is to

ForumIAS Offline Guidance Centre: 2nd Floor, IAPL House, 19 Pusa Road, Opp. Metro Pillar No. 95 – 96, Karol Bagh, New Delhi – 110005

Support: Call / Whatsapp: 9821711605 / 8929354488 | student@forumias.academy

- ensure that students cover the full Mains syllabus at least once before the Prelims and revise atleast one time.
- the Tests calendar is designed such that syllabus common to Prelims and Mains is tested January onwards by when you should start revising for Prelims
- Major Part of the "Mains-only" syllabus will be covered by January itself.

Other Features of the Program

- There will be a total of 28 Tests:
 - 16 Sectional Tests (3 Hours/250 Marks)
 - 12 Full Syllabus Test (3 Hours/250 Marks) – 4 Before Prelims Examination and 8 after it.
- Supplementary Notes on Topics of Relevance to the Mains Examination
- Quality Improvement Sessions & Feedback sessions with ForumIAS Mentors will be conducted in classroom and telephonically
- Re-orientation session with Top ForumIAS Scorers in Civil Services including rank holders from time to time

How to make the most of MGP 2019?

The success of the program depends on:

- Start today with preparation of topics as per mentioned in the timetable.
- Timely Writing of Tests by Candidates. This is most important.
- Working on the feedback provided by the Mentor either telephonically or in the comments
- Following the guidance e-mails sent from time to time.
- Writing the first few tests as early as possible and getting a feedback / review so that you have a fair idea of how to write good answers
- Avoiding submitting 3-4 tests at one go, as it discourages mentors from giving a meaningful feedback
- A feedback requires 2-3 test papers to be implemented. Kindly write 2-3 papers based on mentor feedback and schedule a mentor call subsequently after every 3-4 papers.

- Do not submit 10 papers one month before the exam. It becomes impossible to recommend changes 2-3 weeks before the exam as candidates do not have the time to implement the feedback.
